Starting prices for standard firewood before any applicable tax. Stacked-delivery prices include normal-access stacking; driveway drop excludes carrying and stacking. Travel, trips, specialty wood and extras are confirmed individually.

Prefer to stack it yourself?

1/3 cord: driveway drop from \$200, or delivered and stacked from \$225. A driveway drop includes unloading near the truck, without carrying or stacking.

What the quantities mean

One full cord is 128 stacked cubic feet. 1/3 cord is about 42.7 cubic feet (8 ft x 4 ft x 16 in); 1/6 cord is about 21.3 (4 ft x 4 ft x 16 in). Quantities describe stacked wood, not loose truck-bed volume. Rack not included with wood-only orders.

Know the full total first.

A request does not book or pay for a delivery. We agree the quantity, route, placement, trips and complete price before you commit.

Delivery route

We work from the Alabama line through west metro Atlanta. Send your address so Daniel can consider your delivery alongside his other work. Travel charges and the delivery day are agreed individually.

Normal stacking

Stacked-delivery prices include a clear, level walking path within 25 feet of safe parking, neat stacking and cleanup of our delivery debris.

Additional carrying or difficult access

Longer clear, level carry: \$45 per cord for each additional 25-foot band, prorated to quantity. A 1/3 cord carried 45 feet adds \$15; one cord carried 60 feet adds \$90. Carries over 100 feet are quoted individually.

Steps, slopes, narrow access or indoor placement: \$60 per worker-hour, in 15-minute increments with an agreed cap. This replaces the extra carry charge for the same work. Two workers for 30 minutes equals one worker-hour.

Bulk and specialty requests

Bulk starting prices apply to one destination. Daniel confirms safe load sizes and trips before quoting. Four or more cords, hickory, oversized wood, racks, kindling and other extras receive a written quote.

Pickup by confirmed appointment

Pickup is offered only when the website shows current appointment availability. Check mossandsonsga.com/firewood before planning collection. Daniel confirms the price, loading, day and time, then shares directions. No walk-ins.

No Saturday pickups or deliveries. Requests received Friday sunset through Saturday sunset are reviewed after the Sabbath.
